Aloha Council Members:

As required by the Hawai'i County Charter, submitted with this message is the proposed County of Hawai'i operating budget for the fiscal year ending June 30, 2027. This balanced budget includes estimated revenues and appropriations of \$966,891,661 and consists of the operations of the County's thirteen special funds and the General Fund. This proposed FY 2026-2027 budget is \$13,477,792 or 1.4 percent greater than the FY 2025-26 budget.

EXPENDITURE HIGHLIGHTS

As we present this year's budget, our priorities remain clear: delivering meaningful results for our residents, enhancing quality of life, and maintaining fiscal responsibility. By investing where we have the biggest impact -- in public safety, infrastructure, and recreation -- we are building a community that is strong, healthy, and connected.

Let's start with public safety, always our top priority. Well-supported first responders are essential to maintaining public trust and protecting our community's well-being. This proposal, includes an additional \$4.3 million, ensuring that our public safety departments have the personnel, equipment, and training they need to protect the health and safety of our residents today and into the future.

We are also improving everyday life for our residents by increasing investments in our infrastructure and public facilities. This budget increases road maintenance and repair, addresses aging facilities, improves park amenities, and strengthens routine maintenance. \$15 million has been added to the transfer to capital fund for these critical investments. These improvements may seem incremental, but together they make change that matters.

Finally, we are committed to ensuring long-term financial stability. This budget is built on responsible forecasting, disciplined spending, and strategic reserve management. This proposed budget demonstrates that commitment by including \$15 million for the budget stabilization fund. We are balancing immediate needs with future obligations and maintaining healthy reserve balances to protect against economic uncertainty.

REVENUE HIGHLIGHTS

Revenue is projected to increase slightly in a few of our major revenue sources including real property tax and the Hawai'i County transient accommodations tax. These revenue estimates were made with the information we have available at this time. As we approach May, these estimates will be reassessed and, if necessary, refined.

REVENUE CHANGES

The significant changes in projected revenues are as follows:

Real Property Tax. Real property tax revenues are expected to increase by \$8.6 million or 1.6%, primarily due to an increase in taxable values and new construction. It should be noted this projection includes the new long term rental tax class. As County Council has not yet adopted rates, for budgetary purposes, the revenue estimate assumes a rate of \$7.65 for this class.

General Excise Tax. General excise tax revenues are expected to increase by \$5.0 million or 2.6%, based on current estimates.

Hawaii County Transient Accommodations Tax (TAT). Hawaii County TAT is expected to increase by \$2 million or 6.8% based on current estimates.

Revenue from Use of Money & Property. Income from rents and concessions is expected to increase by approximately \$595,000, and interest revenue is expected to have an approximate increase of \$137,000.

EXPENDITURES BY FUNCTION

The following table presents a summary of projected FY 2026-2027 expenditures by function and their changes from the current FY 2025-26 budget:

	<u>\$966,892</u>	<u>100.0%</u>	<u>\$13,478</u>	<u>1.4%</u>

EXPENDITURE CHANGES

This budget reflects a marginal 1.4% overall expenditure increase. Being mindful of future financial obligations, most critical necessities were added while maintaining current spending levels.

A few highlights in programmatic changes in expenditures include:

Public Safety

- **Civil Defense Agency:** \$2.5 million was added to manage, expand, and support operations of the County's Land Mobile Radio (LMR) system. The LMR system is the primary communications backbone for first responders and emergency managers. This system will operate continuously and supports interoperability among multiple agencies and partners at the County, State and Federal levels.
- **Fire Department:** \$1 million was added to replace portable radios in the department. These radios improve operational efficiency and safety by ensuring reliable communication.

- **Police Department.** \$385,000 was added to replace mobile data terminals (MDTs). These mobile computers are used by personnel in the field and provide a secure means of communication with dispatch personnel and other officers, while allowing officers to have immediate access to critical information while on service calls. Funding was also added to procure an audio/video recording system for the East Hawaii Detention Facility.
- **Office of the Prosecuting Attorney.** \$426,000 was added to upgrade the hardware, licenses and maintenance for their servers. This upgrade allows the department to keep data secure and prevent data loss, ensuring compliance with Criminal Justice Information Services standards. Funding was also added to procure a new phone system for the department. This provides adequate and secure communications with the court system and the police department.

Debt Service

- **Debt Service.** The account was increased by \$11.9 million to address funding obligations for critical infrastructure repairs and enhancements, primarily focused on wastewater improvements.

Miscellaneous

- **Transfer to Capital Project Fund.** \$15 million was included in the Transfer to Capital Fund for various county facility improvement projects island-wide. While this is a decrease from fiscal year 2025-26, it demonstrates the continued investment in the repair and maintenance of county infrastructure.
- **Transfer to Budget Stabilization Fund.** \$15 million was added to the fund to strengthen our reserves and protect the County from potential future economic uncertainties.
- **Provision for Compensation.** This provision was reduced as finalized agreement increases have been programmed in the departments' salaries and wages for fiscal year 2026-27.

CONCLUSION

This proposal reflects a balanced and thoughtful approach: strong on public safety, practical in daily improvements, and disciplined in fiscal stewardship.

I look forward to working collaboratively to adopt a budget that reflects our shared commitment to public safety, quality of life, and financial resilience.

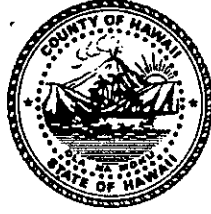

With Aloha,

C. Kimo Alameda, Ph.D
Mayor
